

**A permanent, more attractive solution
to everyday lay-in ceiling problems.**

The only completely waterproof lay-in ceiling tile on the market. Available in four attractive surface designs, these PVC tiles resist mold, mildew and bacteria growth and will not discolor because of water. They achieved a perfect score on the ASTM Mold Resistance Test. Virtually maintenance free, the tiles can be washed, scrubbed and even pressure washed.

They resist impact damage and will not flake, break or create dust. Ideal for humid commercial environments.

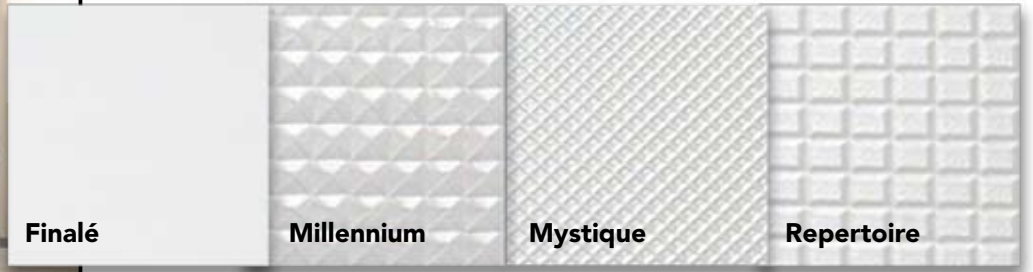

Parkland Performance
WALLS & CEILINGS

100% WATERPROOF CEILING TILE

It's a truly spectacular lay-in ceiling that stays that way, day after day... year after year. With an extended product life and ten year warranty, it's a permanent, maintenance-free solution to common lay-in ceiling problems. 100% waterproof, SPECTRATILE™ will never fall prey to water damage or staining. It's non-absorbent and will not swell, bow or rot. It won't harbor bacteria and it's mold and mildew resistant. It can be scrubbed. Even pressure washed. Available in four patterns and two sizes. SPECTRATILE. It's every bit as spectacular as it sounds. See for yourself at www.parklandproducts.com.
